EAGAN HOPS ON MILES

And Calls Him a Liar Several Times In a Single Sentence.

EMBALMED BEEF INCIDENT.

Commissary General Denies Pretense of Experiment Story.

BROTHER OFFICERS AT OUTS.

The War Investigating Committee Permits General Eagan to Read a Statement Bristling With Hard Knocks Against the Commander.

Washington, Jan. 12.—Most vigorous and sensational testimony was given before the war investigating commission by Commissary General Eagan, who, appearing unexpectedly to meet the allegations against the beef issues in the war, vigorously arraigned Major General Miles, commanding the army.

General Eagan has prepared a type-written statement covering his side of the case and was allowed to read it.

General Eagan began by calling attention to General Miles' appointment of Major John D. Black, a civilian, as his chief of staff, and said that this was largely responsible for the trouble that followed. He said that Major Black had been furnished \$5,000 before starting to Porto Rico, and that he had apparently not known enough to provide himself with a check book, and had not left his signature with the secretary of the treasury, nor made any other preparation for availing himself of the funds at his command.

There were experienced disbursing officers in the island, who had in the aggregate over \$400,000 in their posses-

BRIGADIER GENERAL CHARLES P. EAGAN.

sion, and yet General Miles had complained that there were no paymasters in the island, so that the soldiers had no money with which to buy food for themselves.

Miles had then called on the department to put \$50,000 more in the hands of Major Black, and this General Eagan declined to do, putting \$10,000 to Major Black's credit in New York.

He denied numerous statements of General Miles, and said whoever called the beef furnished "embalmed beef" was a "liar." General Eagan's testimony on this point follows:

Denial of Embalmed Beef.

"General Miles was asked by your committee how tinned fresh beef became a part of the army ration. His answer is 'You had better ask the secretary of war or the commissary general. I think they can tell you. I know it was sent to the army as food, and the pretense is that it was sent as an experiment.'"

General Miles in saying that this food was sent to the army as 'a pretense for experiment,' says that which implies corruption, which 99 out of every 100 people will understand to mean corruption.

"Taking the statement in the sense that it was probably intended, I answer that it was not furnished under the pretense of an experiment, nor even as an experiment, and if General Miles charges that it was furnished as a 'pretense of experiment,' he lies in his throat, he lies in his heart, he lies in every hair of his head and every pore of his body; he lies wilfully, deliberately, intentionally and maliciously.

"If his statement is true that this was furnished under 'pretense of an experiment,' then I should be drummed out of the army and incarcerated in state's prison.

"If his statement is false, as I assert it to be, then he should be drummed out of the service and incarcerated in prison with other liars.

"In denouncing General Miles as a liar when he makes this statement, I wish to make it as emphatic and as coarse as the statement itself. I wish to force the lie back into his throat

covered with the contents of a camp latrine.

"I wish to brand it as a falsehood of whole cloth without a particle of truth to sustain it, and unless he can prove his statement, he should be denounced by every honest man, barred from clubs, barred from the society of decent people, and so ostracized that the street bootblack would not condescend to speak to him, for he has fouled his own nest; he has aspersed the honor of a brother officer without a particle of evidence or fact to sustain in any degree his scandalous, libelous, malicious falsehood, viz: That this beef or anything whatever was furnished the army under 'pretense of experiment.'"

ECHO OF KLONDIKE BOOM.

Stockholders of a Gold-Hunting Company Ask For a Receiver.

Chicago, Jan. 12.—Ten stockholders of the Klondike, Yukon and Copper River company, of which Frank Buffington Vrooman is president, have filed a bill in the circuit court asking for a receiver.

A receiver is sought on the ground that the company is insolvent, and in order that a pro rata division of such assets as remain should be made. It is charged that President Vrooman has disposed of money paid into the corporation for stock amounting to over \$40,000, which, the bill says, has been squandered. Henry M. Wallace, one of the stockholders, is the prime mover in the suit.

DANGER POINT PASSED.

Representative Dingley Believed to Be on the Road to Recovery.

Washington, Jan. 12.—Representative Dingley, according to his physician, Dr. H. B. Deale, has now passed the crisis, and is considerably improved. Dr. Deale is now confident of his patient's recovery. Mr. Dingley gained much rest, sleeping naturally, as he has been able to do several nights, and the gain in his condition is very perceptible.

Active Eastern Policy.

Vancouver, B. C., Jan. 12.—Japanese papers to hand by the Empress of Japan are full of interviews with Hon. John Barrett, recently United States minister to Siam, on the Chinese question. Barrett thinks that the time is ripe for the adoption of an active far eastern policy by England, Japan and the United States, with, if possible, the co-operation of Germany, Russia and France, whose policy appears to be to gain gradually the exclusive control of vast areas of Chinese territory, and to close these areas to unrestricted trade, would thus be confronted by pressure impossible to resist.

Greatest In History.

San Francisco, Jan. 12.—John J. Valentine, president of the Wells-Fargo & Company express, has issued the annual statement of the production of precious metals in the states and territories west of the Missouri river, including British Columbia and the Northwest territory, for the year 1898. The aggregate valuations are shown as follows: Gold, \$78,461,202; silver, \$39,016,565; copper, \$46,200,648; lead, \$13,144,251; total gross results \$177,022,666.

Rich Gold Discoveries.

Vernal, Utah, Jan. 12.—Considerable excitement has been created by rich discoveries 25 miles east of this place, in the Blue Mountains, near the Colorado line. The discovery was made by "Doc" McDonald, a veterinary surgeon of the Ninth cavalry. He served in the Spanish war, and while at New York, recovering from fever met a man named Johnson, who described the location.

Assuring News From Otis.

Washington, Jan. 12.—The secretary of war was much gratified by the receipt of the following cablegram at 7:20 a. m. from General Otis at Manila: "Conditions apparently improving. Citizens feel more secure. Many natives returning. City quiet and business active."

Jenks Gets the Compliment.

Harrisburg, Jan. 12.—George A. Jenks, the Democratic candidate for governor in the late campaign, is the choice of the Democratic senators and members for United States senator. He was nominated by acclamation at the caucus after ex-Lieutenant Governor Chauncey F. Black had polled 14 votes to 65 for Jenks.

Big May Arrested.

Denver, Jan. 12.—Nellie Dalton, alias May Murray, alias "Big May," was arrested here. The police say she is wanted in Chicago and New York to answer charges of shoplifting. In her rooms were found \$2,500 worth of goods, including a number of diamonds.

Halifax, Jan. 12.—A serious fire raged in the town of Bridgewater. About 30 business places were destroyed, including the postoffice, savings bank, hotel and telegraph office.

A RUPTURE PREDICTED

It Is Now Claimed Coal Operators and Miners Will Disagree.

RECORDS ARE MUTILATED.

While the Investigating Committee Were at Breakfast Unknown Persons Carried Away Eighteen Pages of the Ledger.

Pittsburg, Jan. 12.—When the fourth day's session of the United Mine Workers' convention was called to order the chairman of the investigating committee reported that the committee had worked on the books all night, and would not be ready to report to the convention for several hours. A recess was then taken.

Prior to the resumption of the session a sensation was sprung by the discovery that during the absence of the investigating committee at breakfast unknown persons had entered the committee room, in the St. Charles hotel, and mutilated the records.

Eighteen pages were torn from the ledger and carried away, while many other pages were blotted and blurred. The thief or thieves left no clue, and the announcement of the outrage caused indignation.

The miners' officials believe the object of the person who mutilated the books was to destroy the records from Illinois. This state had been gone over by the investigating committee, and no objections were found to seating any of the delegates reported by the committee on credentials.

Another object the thief may have had, it is claimed, was to make it necessary to send to Indianapolis for the cash books, it having been decided by the convention Wednesday not to send for them.

COAL OPERATORS

Are Said to Be Opposed to Rates and Rupture Expected.

Pittsburg, Jan. 12.—A rupture in next week's interstate convention of mine workers and operators over the adoption of the interstate agreement is regarded as probable.

It developed that many operators are opposed to the present agreement, and they intend to oppose a "run of mine" clause, will insist upon a 10-hour day instead of eight hours, as at present, and will demand a reduction of wages.

The miners have not yet considered the new agreement, but it is the general sentiment among them that any attempt to increase the hours of labor, to cut wages or to strike out important clauses, will be vigorously fought in the convention.

Bank Officials Arrested.

New York, Jan. 12.—James McNaughton, former president of the Tradesmen's National bank, and Allan McNaughton, president of the Wool Exchange, and one of the directors of the Tradesmen's National bank, were arrested and arraigned before United States Commissioner Shields, charged with violating the revised statutes by certifying a check drawn on the Tradesmen's National bank to the order of the United States Trust company for \$510,000 when the trust company, as alleged, had no funds in the bank to its credit. Both pleaded not guilty and they were held in \$25,000 bail.

The Commission Men.

New Orleans, Jan. 12.—The commission men's convention held a brief session. Mr. A. V. Swaty of Mount Selmar, Tex., spoke for a few minutes on vegetables of the Lone Star state, asking the league's assistance to the betterment and for the encouragement of vegetable raising. The next address was that of H. Ellinghausen of Milwaukee on "Irresponsible Commission Merchants; What Can the League Do to Suppress Them."

Major Smith Sent For.

Chicago, Jan. 12.—Major F. A. Smith, chief commissary officer of the department of the lakes, has been summoned to Washington to testify before the army investigating committee about the quality of beef served in Cuba during the late war. Major Smith served on General Shafter's staff in Cuba, and supervised the sending of the first consignment of beef to Santiago.

Receivership Ended.

Denver, Jan. 12.—At midnight the Union Pacific, Denver and Gulf and the South Park lines passed out of the receiver's hands and became the Colorado road, being officially designated the Colorado and Southern railway. Then the company will operate 1,537 miles of road in Colorado, Wyoming, New Mexico and Texas.

The Weather.

For Ohio—Rain; brisk to high south easterly winds.

QUAY'S OPPONENTS.

Legislative Members Again Bind Themselves to Withhold.

Harrisburg, Jan. 12.—A conference of the Republican senators and members who refused to take part in a senatorial caucus until Senator Quay is acquitted of the conspiracy charges pending against him in the Philadelphia courts met to select a candidate for United States senator.

Senator Flynn of Allegheny presided and made a short speech congratulating his colleagues on the growth of the movement against Senator Quay's reelection.

A new pledge binding the signers not to vote for Mr. Quay until he is acquitted was adopted and signed by the 23 senators and members present.

A committee of 20 was appointed as a steering committee, Congressman John Dalzell of Pittsburg being chairman. The name of John Wanamaker of Philadelphia was suggested, but at his request it was withdrawn.

The organization will meet again on Monday evening to agree upon a line of action on Tuesday, when the senate and house will vote separately for senator.

After Quay's Place.

Harrisburg, Jan. 12.—Both branches of the Pennsylvania legislature met at noon in the senate, Senator Cochran of Lycoming county, on behalf of the Democrats, formally placed Hon. George A. Jenks in nomination for United States senator. The following Republican candidates for the senatorship were then named: Congressman John Dalzell, ex-Congressman Charles W. Stone, E. A. Irwin, Hon. Charles Tubbs and ex-Congressman Huff. In the house the following candidates for United States senator were named: Senator Quay, George A. Jenks, ex-Congressman Charles W. Stone, Charles Tubbs, J. F. Downing, Judge John Stewart, Congressman John Dalzell, Colonel E. A. Irwin and Colonel George F. Huff. All but Judge Jenks are Republicans. Both branches then adjourned.

Lumber Interests Represented.

Washington, Jan. 12.—Representatives of the American and Canadian lumber interests met in conference here. Lumber, it is said, has been the rock on which the United States and Canadian joint commissioners have split in every effort at agreement on a reciprocity treaty. The Canadians have been willing to make any reasonable concession for free white pine, and have hesitated to agree to any concessions without important reciprocal advantages on lumber. Free admission to Canada of American forest products and free export of sawlogs and pulp wood are the concessions the Canadians offer. Pulp wood is now exported free from Canada, but an export duty has been threatened in retaliation for the \$2 duty on white pine.

A Complimentary Banquet.

Berlin, Jan. 12.—The officers of the Kaiser Franz grenadiers, upon the occasion of the jubilee of the appointment of Emperor Francis Joseph of Austria as honorary colonel of that regiment, gave a banquet, at which Emperor William, the minister of foreign affairs, Baron von Bulow; the chief of the emperor's military cabinet, General von Hahnke; the Austria-Hungarian ambassador, Count von Szoegeny-Marich, and the Austrian general, Prince Windischgratz, and Field Marshal Steiner, were present. His majesty toasted Emperor Francis Joseph, and the field marshal responded and called for "Hochs" for Emperor William.

Action Postponed.

Washington, Jan. 12.—The senate devoted a few minutes of its executive session to the consideration of the promotions of Rear Admirals Sampson, Schley and other naval officers out of their regular order. Senator Hale made an effort to have the nominations confirmed, but at Senator Chandler's instance action was postponed. Mr. Chandler suggested that while the honors conferred were the result of a laudable desire to reward gallantry, the senate would proceed cautiously, so as to make sure of not doing injustice to other meritorious officers.

House Proceeding.

Washington, Jan. 12.—The house promptly went into committee of the whole on the diplomatic and consular appropriation bill. It was arranged that there should be two hours and a half on a side for general debate. Mr. Dinsmore (D., Ark.) said members on his side wanted opportunity to address the house on general subjects, but so far as he was aware they had no opposition to any item in the bill.

Carmack's Attack.

Washington, Jan. 12.—Representative Carmack (Tenn.) made a vigorous attack in the house on the administration's Philippine policy, denouncing it as launching the government on revolutionary career of conquest and "criminal aggression."

FATHER TOM SHERMAN

Submits His Report About Recent Trip In Our New Territory.

FACTS ABOUT PORTO RICO.

Owing to Laxity In Marital Relations It Will Probably Be Several Generations Before the Vital Statistics Will Be Correct.

Washington, Jan. 12.—Assistant Secretary Meiklejohn made public through the division of customs and insular affairs Father Thomas E. Sherman's very interesting and instructive report to General Brooke of his recent trip through the island of Porto Rico.

Father Sherman left San Juan Oct. 19 and visited Arecibo, Utado and Lares, and from thence south proceeded to Adjuntas alone and unarmed, and without witnessing any disorder.

As far as his observations went Father Sherman says that he found the people of Porto Rico gentle, docile and kindly; that the Spaniards living there rejoice with their Porto Rican friends in the change of sovereignty.

At the same time Father Sherman says we can not too strongly emphasize the needs of an island at once tropical and mountainous, where the bandit finds myriad nooks for hiding and easy sustenance even on the mountain top; where passions are easily heated and an overcrowded population leaves large numbers out of employment. An island whose needs can only be met by the strong hand of the military arm, aided and abetted by a system of civil police and rural guard, composed where possible of some of the better class of Porto Ricans, and in holding all civil authorities, beginning with the commissaries of the Barrios, personally responsible for the good order of their districts.

Religious Conditions.

Father Sherman says that the state of religion on the island is very unsatisfactory. Though in every town of any size there is found a large and handsome edifice, the services are very poorly attended.

All the inhabitants of the island with few exceptions are nominally at least Roman Catholics. Very few of the men are more than Catholic in name. They are baptized, married and buried by the priest; that is the extent of their Catholicism.

Now that the priests are deprived of government aid, many are leaving the country, and more intend to depart before the winter is over. A moderate percentage of the clergy are of native origin, and these will be more inclined to stay, as they are more in sympathy with the new order of things, and have a chance of procuring more desirable parishes, owing to the vacancies left by the departure of the Spanish clergy.

The church in Porto Rico has been united with the state, and so identified with it in the eyes of the people, that it must share the odium with which the Spanish rule is commonly regarded.

Complaint is made that the priests were too much interested in political matters; that they preached Spain instead of the gospel, and that many displayed the mercenary spirit.

Father Sherman says the system of burial in Porto Rico has been barbarous. In places corpses are thrown into shallow graves, sometimes without box or casket. The cemeteries are too small and frequently crowded. The state of morality can be inferred from the fact that the number of illegitimate children exceeds that of the legitimate. Concubinage is said to be common, and is not sufficiently discountenanced either legally or socially.

The eradication of this great evil presents one of the most difficult problems in Porto Rico, owing to the mixture of races there. It is often asserted that the Catholic clergy are partly to blame for this deplorable state of affairs, because marriage is said to be expensive. This, says Father Sherman, is calumny. In conclusion he says:

They are highly civilized, have thousands of educated men, able lawyers, excellent doctors, merchants and manufacturers, whose establishments aggregate millions of annual output."

The French Liner Blamed.

London, Jan. 12.—The admiralty court found that La Bourgogne of the Compagnie Generale Transatlantique was alone to blame for the collision with the British ship Cromartyshire on July 4 last, near Sable Island, off the coast of Nova Scotia, resulting in the sinking of the steamer and the loss of over 500 lives.

Exciting Scene Expected.

Paris, Jan. 12.—An exciting scene in the chamber of deputies is expected, and extensive police measures have been taken in and about the Palais Bourbon, in view of possible disorders.

FRIDAY, JANUARY 13, 1899.

THE Republicans must be a trifle uneasy in regard to Mr. Bryan, else they would not be abusing him so vehemently and constantly.

HON. SAM J. PUGH voted to strike out the item appropriating \$91,340 for the salaries of the Civil Service Commission. It's quite an expensive concern, and utterly useless. Mr. Pugh deserves thanks for the stand he has taken against this un-American fraud.—Public Ledger.

Mr. Pugh deserves no thanks whatever. He like some others opposes the law mentioned simply because it reduces the number of offices that he is in the habit of bartering for his own political advantage.

If Commonwealth's Attorney Robert Franklin, of Frankfort, succeeds in knocking out the insurance combine he will reap a snug reward in the shape of commissions. Some time ago he secured indictments against all the companies, (about 100) doing business there, and also against their agents. These indictments are still pending, and he must feel pretty sure of winning his fight as he this week had all the companies and their agents again indicted "for conspiring together to fix the rates of insurance, etc." There is no question as to the combination to fix the rates, and there is little doubt that the courts will sustain Mr. Franklin's position that this combination is in violation of the anti-trust law.

BRYAN ON IMPERIALISM.

Mr. Bryan does not wander from his text, says the St. Louis Post Dispatch. Whatever argument he brings forward from time to time against imperialism, he connects it immediately and directly with the Jeffersonian proposition that "government derives its just powers from the consent of the governed."

In his Cincinnati speech of last Friday evening he points out that the success or failure of old world colonial system is not the question. And it is begging the question to say that Americans can hold and govern colonies as well as Great Britain. Of course they can. But the question is, "Whether we can in one hemisphere develop the theory that governments derive their just power from the consent of the governed, and at the same time inaugurate, support and defend in the other hemisphere a government which derives its authority entirely from superior force."

This leads directly to the conclusion emphasized by the Post-Dispatch from the beginning of the discussion—that the imperial question is essentially a domestic question; that colonial politics will react upon home affairs and breed infinite mischief through the corruption of the true principles of American liberty.

BANKRUPTCY CASES.

Judge Barr Announces the Manner of Procedure in His Court.

Judge Barr has prepared a set of rules to govern bankruptcy cases. The rules went into effect January 1st, but bear date of December 31, 1898. They may be modified at any time when it is shown that it is necessary. The following are the rules:

First—All pleadings, petitions, proof of claims and orders filed in bankruptcy proceedings shall be in writing, type-written or printed, without interlineations or erasures materially defacing same, on paper, legal cap size, and on one side only.

Second—Original petitions of voluntary bankruptcy must, in the absence of a special order, be filed in the Clerk's office of the court which is held nearest by direct line to the county seat of the county in which the bankrupt resides. Involuntary petitions must be filed in the Clerk's office at Louisville. Excepting that all petitions, voluntary or involuntary, by or against persons residing in the counties in the Owensboro division, must be filed at Owensboro, unless one of the defendants resides out of said division and in this district.

Third—All references to referees in bankrupt cases shall in the absence of a special order be made to the referee of the district in which the bankrupt resided at the time of filing the petition in bankruptcy.

Fourth—Moneys deposited as required by the bankrupt act may be drawn pursuant to Rule 29 of the Supreme Court from the depository by check or warrant signed by the trustee of the bankrupt's estate and countersigned by the proper referee.

Fifth—Trustees shall within five days after making sales of personal estate and within ten days after making sales of real estate file report thereof with the proper referee. Such reports of sale shall when necessary be approved by said referee, after allowing five days' time for exceptions in personal estate sales and ten days for exceptions in real estate sales. Sales of real estate, in the absence of special order, shall be subject to approval and orders of sale of personal property and shall indicate whether or not approval is necessary.

Sixth—All petitions for review, allowed by Rule 27, of the Supreme Court, shall be filed before the referee within fifteen days from the date of the entry of the order complained of; but this court may for cause grant further time.

Seventh—The second and fourth Saturdays of every month, excepting the months of January, May, June, August and December, are hereby designated as the days on which this court will hear and dispose of matters in bankruptcy at the Federal Court Hall at Louisville, Ky.

THE PRESIDENT'S ACTION

Un-American, Undemocratic, Unprecedented and Unconstitutional.

[New York World.]

The President's proclamation for the first time definitely defines his policy in the Philippines. It is not to assist the Filipinos to self-government as we are doing for the Cubans. It is "the bestowal of the blessing of good and stable government upon the people of the Philippine Islands under the free flag of the United States."

A "free flag" the banner in a war of conquest! A "free flag" the emblem of military despotism! A "free flag" cleansed from the blot of slavery at home to be raised over a vassal people abroad!

In Congress and throughout the country the question will be asked, "Where did Mr. McKinley get his authority for this extraordinary action? Not in the Constitution. Not in any statute. Not in the declaration of war against Spain by Congress. Not in any precedent in American history."

Mr. McKinley's action in the Philippines has been un-American, undemocratic, unprecedented and unconstitutional. It is the duty of the Senate to declare its understanding of and its intention concerning the treaty, over which it has full jurisdiction. And it is the business of Congress to embody in law the will of the nation—not the policy of the Executive—as to the "government, control and disposition of the Philippines."

THE new \$1 silver certificates are now being paid out by the treasury and will soon be in general circulation. The design is entirely new, made with a view to meet the complaints against the old design. The distinguishing features of the face of the note are a spread eagle with the U. S. flag in its talons and the Capitol in the background; one very large numeral and the seal, both in blue, and miniature portraits of Lincoln and Grant, surrounded by laurel wreaths. The back of the note is printed in green, and on back and front there is more white paper to be seen than on any other note ever issued by the Government.

POLITICS will soon be lively in Kentucky. Senator William Goebel, of Covington, candidate for the Democratic nomination for Governor, will formally open his campaign one week from next Monday. The opening speech will be made somewhere in the Fourth district, probably at Lebanon, Marion County. This and other details of the Goebel campaign were agreed on at a conference held at Frankfort, in which the Covington candidate was the central figure, and in which National Committeeman Woodson, of Owensboro; State Senator George H. Alexander, of Louisville; Clerk of the Court of Appeals Sam Shackelford, Hon. Pat McDonald, of Frankfort, and others were present. Following his opening at Lebanon, Senator Goebel is to begin a tour of the counties of the State and will prosecute a vigorous campaign from then until the convention.

Women's Coats \$1.00.

Some three-quarter length Jackets and English Newmarkets; not up to date in cut or style, but all right in goodness of material. They present excellent possibilities for remodeling into Children's reefer and Overcoats. The same material could not be bought for three times the price over any counter. For women who desire warmth and service without regard to newest fads these coats will answer fully. It costs nothing to investigate and we would like you to examine the garments and test their worthiness.

REMNANTS

Shorter the piece, shorter the price—as compared with the season's unusual prices which gave us such dress goods selling as never was known. Waist and skirt lengths in many pretty colors and black. It is a chance of a year—we think the chance of many years—to buy Dress Goods.

POSTMASTER MATHEWS.

A Handsome Compliment Paid a Popular Maysville Man by the Postal Record.

The Postal Record, of recent date, publishes a handsome cut of Postmaster Mathews, with the following complimentary sketch:

Clarence Mathews, the popular young Postmaster at Maysville, Ky., was born at Orangeburg, Mason County, thirty-one years ago. When very young his father moved to Maysville, and engaged in the lumber business with the Hon. John R. Proctor, the present Chairman of the National Civil Service Commission. He received his education in the public schools of Maysville, and at Centre College, at Danville, Ky. After finishing his course at Danville, he returned to Maysville, and became bookkeeper of the well-known firm of W. B. Mathews & Co., of which his father is senior member. His first appearance in the political arena was his candidacy for the Republican nomination for County Court Clerk in 1894, for which he was defeated. In 1895 he was tendered, but declined the Chairmanship of the Thirty-first Senatorial district. In 1896 he was elected Chairman of the Republican Executive Committee of Mason County, and it was under his gallant leadership that the Democratic majority of over four hundred was reduced to 125, for Hon. W. J. Bryan.

He was a staunch supporter of Major McKinley's, when the leading politicians of the county were loud in their demands for Governor Bradley's nomination. He has always been a warm supporter of Hon. Samuel J. Pugh, member of Congress from the Ninth Kentucky district, and it was from him he received the endorsement for postmaster. He received his appointment as postmaster, March 1, 1898, and has made a very popular official, and is looked upon as one of the Republican leaders of Mason County and the Ninth Congressional District.

HICKMAN-PERRIE NUPTIALS.

A Popular Maysville Couple Wedded Thursday Afternoon at 2 O'clock at the Home of the Bride.

One of the most beautiful home weddings ever solemnized in our city occurred yesterday afternoon at 2 o'clock, the contracting parties being Miss Mary Roberta Perrie, youngest daughter of Mr. Frank R. Perrie, and Mr. Samuel Tebbbs Hickman, the popular and efficient assistant postmaster.

Promptly at the hour mentioned the bridal party entered the double parlors from opposite doors, the groom with his best man, Mr. Richard H. Ranson of Covington, the bride leaning upon the arm of her father, and moved to the center of the room, where under the brilliant chandelier Rev. D. D. Chapin awaited, to speak the few fateful words which were to change the currents of two lives.

A beautiful picture indeed the group presented. The man of God in his white vestments. The stately grace of the bride, gown in heavy white rop silk, with the duchess lace and pear buckle worn by her grand-aunt Mrs. Ben Pickett at her own wedding; the filmy folds of the illusion veil falling about her, arranged on her regal head with a tiara of pearls; shower bouquet of lilies of the valley.

The exquisite touch of color in what would otherwise have been "a study in black and white," was furnished in the dainty loveliness of the bride's little niece, Miss Julia Jenkins, a mere baby of four, who has insisted all along that she would be married too, and was not the least disconcerted at the non-appearance of the customary groom. She was gown in pink chiffon, pink slippers and pink lovely flower herself as she

stood awaiting the moment when the honor of holding the bridal bouquet should be hers.

Directly after the impressive ceremony and the hearty congratulations of the guests, who comprised only the families and immediate relatives and friends of the bride and groom, Mr. and Mrs. Hickman drove to the station, taking the 3:20 train for points West.

Mrs. Hickman is one of Mayeville's loveliest and most accomplished girls. She has filled most acceptably the position of teacher in our schools, where her loss will be keenly felt both by her pupils and her co-workers. She is connected with the county's oldest and best known families and goes forth to her new life with the heartiest good will of the entire community.

The son of Hon. John G. Hickman needs no word of introduction. But Mr. Hickman is well known and well liked on his own behalf, as has been time and again attested; and from the incident of yesterday it is evident that he is still high in the favor of Dame Fortune.

The Modern Mother

Has found that her little ones are improved more by the pleasant Syrup of Figs, when in need of the laxative effect of a gentle remedy, than by any other. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

Mr. W. R. GILL has a stuffed rattlesnake six feet long that was sent him as a curiosity by Mr. Condit Hayden, the civil engineer, who is doing Government work on the Red river in Louisiana. It was taken from the bottom of a well that was dry by one of the surveying party on their route, and stuffed by Mr. Hayden. It was sent in a box the length of his snakeship.

MARY McDOWELL MARSHALL.

A Daughter of the Late John Marshall Succumbs to an Attack of Asthma and Pneumonia.

Miss Mary McDowell Marshall, whose illness has been reported, died last night at Washington. She was subject to asthmatic attacks, and pneumonia having developed, in her weak condition, it soon carried her off.

Deceased was about seventy years of age, and was a daughter of the late John Marshall, of this county. Mrs. Fannie Casey and Mr. Jas. Marshall are her sister and brother.

Dye notice of the funeral will be given.

Brave Men Fall

Victims to stomach, liver and kidney troubles as well as women, and all feel the results in loss of appetite, poisons in the blood, backache, nervousness, headache and tired, listless, run-down feeling. But there is no need to feel like that. Listen to J. W. Gardner, Idaville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents at J. J. Wood & Son's drug store. Every bottle guaranteed.

TWO LITTLE LIVES.

Two little lives came into this life,
On the very same day and year;
Making a home with happiness rife,
These two dimpled darlings dear.
Four of the brightest most roguish eyes,
With a greedy look to know,
Peeped from spotless covers untouched by dyes,
Like blue violets peeping through snow.
They were tenderly guided through wonder-land,
By a mother's hand small but strong;
She whispered good night, the dimpled cheeks fanned,
The same voice sang their lullaby song.
Two very small boys leaving for school,
Their life boat pushed toward that which is best;
Oh! short be the day and gentle the rule,
Till the birdlings fly home to the nest.
Two wee boys at a school house door, standing hand in hand,
But one draws back while the other moves on;
Jeff would return to well known land,
While Joe is eager to be gone.
"Oh come right on," said trusting Joe,
"Let's see what's going on in here,
Where mother has sent us we'll not fear to go,"
But faithless Jeff drew back with fear.
Two fine young men commencing life,
But they can not walk abreast;
For Jeff fell behind at the school house door,
On the birdling's first venture from the nest.

Henry Bradford, who has been visiting his parents here, has returned to Fleming County.
Almost every man in America has some digestive trouble. When men meet, the greeting usually is, "Well, how are you?" That develops health talk. The man who has no bowel or stomach trouble is almost a curiosity. Trouble is men take no care of themselves. They eat as though they had copper stomachs and bowels of brass. By and by, overworked nature rebels. Then come headaches, nervousness, bad blood, liver and kidney troubles. Dr. Pierce's Pleasant Pellets furnish help for constipation and torpid liver, sick and bilious headache, dizziness, sour stomach, loss of appetite, indigestion, or dyspepsia, windy belchings, "heartburn," pain and distress after eating, and kindred derangements of the liver, stomach and bowels. Accept no substitute.

TELEGRAPH AND TELEPHONE.

Claim That One Wire Can Be Used For Both Purposes at the Same Time.

[Crookston, Minn., Telegram.]
A series of experiments were conducted here Friday by Superintendent of Telegraph C. P. Adams, of the Great Northern, together with Local Manager W. W. Hall, which promises to revolutionize the business of communication between stations where a large amount of business is being transacted.
The scheme is to utilize the telegraph wires for telephone purposes at the same time they are being used by telegraph operators, without in the least interfering with their usefulness for telegraph purposes. This has been accomplished before where two of the wires have been combined, thus completing a metallic system circuit, but has never, so far as is known here, been successfully done with a single wire.
Heavy induction coils and condensers were attached and conversations were carried on with Superintendent Britton at Larimer. The proper appliances and connections will be put in here and at Larimer, and hereafter the work between this point and the headquarters of the Dakota division of the Great Northern will be facilitated by means of the new device, which will in time become general over the entire system.

The frescoing of the new opera house has been completed.

Tickets good on all trains. Tickets sold Friday, good returning Saturday, and tickets sold Saturday, good returning Monday.

OHIO FARMERS

Addressed in Their Annual Convention By Governor Bushnell.

Columbus, O., Jan. 12.—The numerous gatherings of farmers' and stock breeders' associations during the present week culminated in the state agricultural convention, which was held under the auspices of the state board of agriculture, in the hall of the house of representatives. The convention was well attended.

Governor Bushnell was received with applause when he appeared.

Governor Bushnell said he welcomed those present as the representatives of the greatest industry in the state. He said the year past had been an eventful one. None had been more ready to give help to the nation than the young men from the rural districts. The year past had been productive of good crops, and there appeared to be abundance of everything.

During the discussion about the prohibiting of nonmembers from participating in the proceedings the drift of the sentiment appeared to be that "farmers" who do not farm should be left off the board.

Aggregate of Shipbuilding.

Cleveland, Jan. 12.—Reports to the Marine Review from shipbuilders in all parts of the country show an aggregate of 262 vessels, valued at \$62,110,092, building or under contract on Jan. 1, 1899. Merchant vessels number 204 of 254,216 tons, valued at \$19,760,904, and war vessels 58 of 146,499 tons displacement and 372,150 horsepower, the contract price of which, exclusive of armor and armament, is \$42,349,192. Small, unrigged vessels, pleasure crafts, etc., are not considered in this summary.

New Incorporations.

Columbus, O., Jan. 12.—The Cleveland Telephone company, Cleveland, increase of capital stock from \$2,000,000 to \$3,000,000; the Richland Building company, Sabina, capital stock \$10,500; the Duplex Heating and Manufacturing company, Vermillion, capital stock \$10,000; the R. B. Magruder company, Cincinnati, capital stock \$1,000; the Maumee Oil company, Toledo, capital stock \$28,000.

LIKE WILDFIRE

The news of Hechinger's Fire Sale in his Sutton Street Storeroom spread over this and adjoining counties.

The opportunity to buy good clothing at half the manufacturer's cost proved a blessing to many whose pocketbooks were not pléthoric and yet needed heavy clothing.

Good All-Wool Men's Suits at \$3.50 to \$5.

Splendid Chinchilla, Irish Frieze and Beaver Ulsters, cut extra long, splendidly lined and made, are not often, as in this case, picked up at from \$3.50 to \$7; the latter price buys an English Beaver Overcoat, (they come in blue, brown and black colors) that a guarantee goes with them that you cannot duplicate elsewhere for less than \$13.00 to \$15.00.

MR. HECHINGER NEVER DOES THINGS BY HALVES. The unprecedented rush for these goods closed out a good many lots.

The cry is: More! More! That the late comers will have the benefit of Mr. H.'s liberal settlement received from the underwriters (and he makes no bones of it that he was well paid for the damages sustained), he went through his immense stock of fine clothing in his Second Street House and when ever he found a lot that the sizes were badly broken, or Suits did not match out exactly, he sent them to the Sutton Street Storeroom, where, no matter what they cost, nor how fine the quality, they will share the same fate as the damaged stock.

Don't delay if you wish to secure some of these bargains.

A prestidigitator could never work such a magical transformation on your soiled shirts, collars and cuffs, as our up-to-date laundry methods are doing all the time. We can presto change! on a grimy shirt front, or soiled linen of any kind, so completely, with good, pure washing materials and skill, that "that is all the witchcraft we have used."
